

# BJ Services Company Canada

*Where people make the difference.*

At BJ Services we know it's our people who make the difference. We strive to attract and retain the best people and foster an environment of openness and trust.

BJ Services is a worldwide supplier of services to the petroleum industry. We provide cementing, stimulation, coiled tubing, nitrogen, process and pipeline services, as well as completion tools. Our employees make us a leader in the Pumping Services industry.

Our innovation, safety and integrity drive our success and distinguish us from our competitors, and we are working hard to widen the gap.

We are committed to operate our business as a valued neighbour in the communities in which we reside.
